Footnotes:

A) An application fee of \$25.00 per application is required at time of submittal for each permit application. In addition to the application fee stated above, an additional application fee equal to the plan review fee per application is required at time of submittal for a new house, addition and

remodeling (The application fee for plan review will be added from the total permit fee). This applies to commercial projects as well.

B) Residential Plan Review includes a building, electrical, energy and zoning review. All other disciplines, (mechanical and plumbing) shall be field verified by the inspector.

C) Commercial Fee Plan Review is per the Villages Contract with the Third-Party Consultant plus 15% for administrative costs

D) Miscellaneous Plan Review are typical small permits such as; fences, driveways, (decks), sheds etc. or other projects that do not fit into the category described above.

E) Window replacement of 3 windows or less with no structural changes do not require a permit.

F) The permit fee is subject to change based on the specifics of the project.

G) Any work started before a permit is issued by the village will incur a 100% penalty of the permit fee.

H) Chicken Permits are on an 18-month program. The total cost includes the application fee. These permits may be modified or changed after the program is completed with Village Board approval.

I) If reinspection's are required, the fee is based on vendor and project.
